Not enough going on. Would be good to have a community centre, clubs plus sports facilities plus social activities/disco party venue. Youth clubs etc.

We all like to feel wanted. The age group between 15-18 are not made to feel part of the village

Great that youth club has started again, and scouts, but there needs to be more of a push and more support for these kind of activities.

N/A My kids live loving here with everything as it is; they have everything they need and more. If we require more sophisticated facilities we'd move back to town.

More sports facilities or clubs to broaden horizons beyond football. The only drama group in the village does not cater for young residents and neither does the art group. Flore is great if you are over 50 or under 7. Why cant someone buy the Royal Oak and turn it into a tea shop during the day and a club house (that doesn't sell alcohol) in the evening. Fun non-alcoholic cocktails; gaming sessions serving burger and chips for a tenner; brilliant place to hang out with friends. Cycling club, walking clubs, exploring clubs, summer club for village children during the holiday, rural craft apprenticeships.

There are virtually no activities in the village suited to 16 - 21 year olds. Until they can drive they have to rely on buses or parents to ferry them into Northampton or to visit school friends in surrounding villages

Local employment.

I do wish that they were generally more involved with actual people and the community. They just don't seem interested in anything any more unless it is directly to do with themselves. I hope that's not too harsh.

Too dependent upon facilities provided by charity (i.e. Brodie lodge). Council doing nothing.

Campion school size will be an issue in few years as all villages are developing significantly.

I feel it would give me a great opportunity to get on the property ladder as its so expensive
