

**Question 35 – “If any developments are approved, to what or which facility would you wish the revenue received from them to go?”**

A choice of shops so trips into Daventry not so essential. A doctors surgery

Play facilities for children in Collins Hill

School development to ensure pre-school and wrap around care is offered. Using the village hall to facilitate pre school at the moment reduces at the moment hall hire for the rest of the village (playing fields/playground) plus organisations.

The young; they are future; look after them - they will look after the old

Brodie Lodge buildings, play area. Car park

The village has a number of respected and well run clubs. A modern multi-purpose pavilion with large social area/bar area. changing rooms, kitchen area would greatly benefit these clubs and its members for generations.

New village hall with parking

Expansion/improvement to Millennium Hall for increased access to daytime activities across all age groups - CF Village gym or similar.

Improve the environment of the village by traffic management and environmental measures that enhance the village atmosphere.

To alleviate the flooding in the village To support the development of the school and local pre-school to enable them to be on one site. To move the village hall and have a purpose built hall with car park. To build a local doctors surgery for the patients of Flore (and could be an annex to Weedon practice)

Council School

The Millennium Hall Parish Church

Within the boundaries of the new development sufficient green space and facilities to be provided, especially for young teens

School, community activities, roads, pedestrian crossings

Towards developing the school

Conservation for the future. No more stupid Flore signs...we need to preserve wild spaces.

Bypass School improvement Sewerage Flooding

All roads need repair. Residential care.

Any developments would benefit from some play areas for children and safe crossings to get to school or shops.

I believe the school would need most help

We would wish any monies raised to be utilised for the benefit of the community as a whole.

I would prefer that no developments were approved and would be unhappy to find that they were agreed on the basis of some 'pay-off'.

Existing community buildings for maintenance and upgrading. The school to deal with increased numbers of children. Maintenance of open space

Schools Cycle paths Play equipment Open spaces

Millennium Hall

Recreational facilities

Local authorities

Parish Council

Footpaths and pocket park

Improved village infrastructure Improved pre-school facility

Local

For the Parish Council for the benefit of the village.

Brodie Lodge playing field Flore school.

A new village hall with adequate parking built within new housing development. If development goes ahead new school buildings and sheltered housing will be required. More green space for children.

The school

Possibly the school, community centre and playing field

The School/ Pre-school and church

playing fields development

Support for the church and school

School. Drainage and sewage

Improvements to school and finance to support relocation of pre-school to new premises at the school.

High Street after bypass completed to slow down traffic which will continue to pass through the village. Traffic calming and amenity works see q 36.

Would need to go to upgrade of drainage and provide green renewable energy for community buildings

Reducing traffic flow school places recreational facilities

School, Millennium Hall (provision of parking if possible), play equipment at Brodie Lodge, possibly setting up cricket team

Recreation

Church and Chapel

To the village amenities

towards properly sited and usable leisure facilities with access to all and for the good of all the community, not just specific interest groups

education + elderly care

Assistance towards a standalone preschool building within the school grounds

Footpaths and public right of ways

NO DEVELOPMENT

back into the community

Revenue secured from any developments in Flore should go towards an indoor sports facility, swimming pool, improved or replacement village hall, improvements to school, public open space, village internal footpaths to deter car use and evening/faster buses.

Support for a community shop/post office should the existing facilities disappear post bypass.

New village hall with adequate parking,

The village council

No development.

It is not clear whether this revenue derived from businesses mentioned in 30-33?

Wrap around care at Flore school (to improve pre school facilities). Expansion of school facilities.

Flore pre-school and school. Pre school needs to be located within the school grounds as a unit to aid its growth and survival.

By pass

PLAYING FIELD, LAYBY FOR POST OFFICE

School and playing field equipment

Community Buildings/New Village Hall

More road improvements and maintenance More tending of green spaces

1 Improvement of road conditions 2 School and facilities for young people 3 One way system bottom half of Bricketts lane and the Avenue.

Brodie Lodge playing field

To upgrade the school

Infrastructure - love to know where money for housing opposite White Hart is going.

School

School Village shop

Indoor sports facilities.

Bigger school; new storm drain in Sutton St to stop flooding in WI Hall.

Increased village infrastructure is not adequate compensation for the damaging effect on the village of urbanisation and low quality housing development.

Road development. Development of Millennium/Village Hall

The school Medical services Keeping paths clear.

Community groups and spaces

upkeep of the village e.g roads, streetlights etc.

School, Car parking, community buildings, flood prevention

Pre school; school; playground; Scouts/cubs/beavers

Schooling

Local school, playing fields, Millennium Hall

Local facilities.

General village upkeep and the creation of enhanced community facilities. Facilities that the youth would use on a regular basis The creation of a new linear village green along the length of the High St.

Community Hall

By-pass

General upkeep of village facilities

Pre-school, primary school and Campion school. Development of more facilities at Brodie Lodge/Communal spaces - village hall expansion

Green space.

Improving facilities for all residents of the village.

By-pass Opening up of the Royal Oak

School Flood prevention.

The revenue to be put back into village to maintain a good upkeep

Replace benches around the village; improve the buildings at the playing fields.

Parking for village hall and post office.

Return of GP surgery; leisure/education classes for all ages; church.

Increased street lighting

School and pre-school

This is too vague

To maintain a smart looking village ie looking after green areas, footpaths. Improve street lights ie turn them on when the dark nights come.

Provision of a new village hall (to replace Millennium Hall) with nits own car parking facilities, as car park next to existing hall belongs to the White Hart

1 Multi-purpose local health facilities - Doctors, dentists, podiatry, dietician. 2 Community internet facility 3 Swimming pool or teaching pool

School Playing field Parking

Improve the school Church car park Improve the Millennium Hall

Flore Parish Council & County Council

School and local businesses

Local community.

flood control (surface water drainage). Development of communal green spaces

spread over the village demand as the need is seen

The village hall, churches and the scouts

A quiet communal area to sit in peace somewhere near the centre of the village. Town Yard could possibly have some small trees (silver birches?) or shrubs along back of footpath. A play area on north side of village.

Perhaps an improved village hall, or the improvement or enlargement of the school. Traffic calming on the A45 would help, although I am sure the bypass will help more!

To preserving and the upkeep of the green areas and more trees etc planted.

Local charities. Local facilities ie: shop and pubs.

Improving roads, bus service and other amenities for villagers. Would be nice to have a pub again too!

Housing, school, doctors, community hub

Sports

Community Hall - upgrade of Millennium Hall.

Improve upkeep of road surfaces and hedge trimming

No more developments!

School preschool

Youth projects, recreational and community facilities.

School and recreation facilities

school, pubs, and playground

Village Hall

Imaginative treatment of metalled road surfaces to make them more pedestrian friendly.
