

**Question 13 – “If you answered “Yes” above then what group is that, and what do you think that they need?”**

Teenage recreational is non existent. Big lack of facilities for fitness and sport for the youth and all ages.

16-18 they dont need groups. They need to be amde to feel part of the village. The one and only pub could open a few hours a week to let them no how to behave in public house; no drink; soft

Elderly and disabled. Green gym group set up for access to allotments.

Pensioners; short bus trips would be useful. Day time meetings sometimes. Residential care.

Teenage - school kids. Regularly see them wandering village during holidays being noisy. Could parents all participate in doing something jointly ie football in playing field etc

Children Better play area Better cycle track and sports equipment.

Youth

Football is very well catered for, for young people but if you're not a footballer what's left. The park contains a basketball court, no young people play. These schemes are great in inner cities - Hackney - but do not translate to rural Northamptonshire. The park is fantastic for young children, Flore offers great clubs but mostly during working hours. How about bowls at 7pm.

All age groups would benefit from additional sporting opportunities at Brodie Lodge. Surrounding villages have greater selection eg Heyford Tennis Courts.

Teenagers - youth group

40- 80 anything but bowls

Teenagers

Older teenagers/young adults

Most groups but particularly the middle aged and elderly who need more facilities for recreation/clubs

Young people and adults under 50 particularly those living alone. They would all benefit from indoor sports facilities and/or swimming pool.

Teenagers

Youth/young adults

see above. Additional skate park facilities.

50 plus age group Arts, crafts, sewing etc

I SUSPECT TEENAGERS

Teenagers, but then on the other hand they don't appear interested in recreation these days, just procreation and computer games.

Retired

teenage and youth

Older children

Teenagers and elderly

Teenagers

Youth club for teenagers

teenage children - need to ask them

Teenagers. Think the village is more geared up for middle aged people at present.

Teenagers

Younger group

So few recreational facilities most age groups miss out unless they leave the village.

Younger generation - youth club
